

2024

10th Anniversary Year

Corporate Profile & Product Catalogue

WHO WE ARE

01

We at Delta Plus Lubricants & Chemicals Pvt. Ltd, are a well-established manufacturer incorporated in 2014, importer and exporter in the field of industrial, automotive, marine lubricants, greases and allied chemicals in India.

As a result of our expertise spanning more than 35 years, we are leading innovators in the field of lubricants, especially in the metal-working fluids (MWF) sector of industry.

We are present in India as well in international markets comprising of U.A.E, Saudi Arabia and Oman in the Middle East, in Bangladesh and Vietnam in Asia.

We also import various base-oils, solvents and allied products from well renowned international manufacturers in Europe, Middle East and Asia.

We offer end to end solutions to the Industrial Lubricant needs of our customers.

We are proud to celebrate our 10 years of excellence in products and services in 2024.

Our Key Achievements

60+ Unique Products

6 Countries, Import & Export (EU • Middle East • Asia)

37+ Years Industry Expertise

22 Distributors across India & Middle East

“ *Our DPL Supra® range of products deliver great performance at a great price !* ”

WHAT WE DO

OR

Our technical forte is in our ability to understand customer requirements, based on their end-to-end needs, i.e., from product procurement to its disposal, and to correspondingly suggest the best product to meet their lubrication goals.

We believe that one size does not fit all, hence, we also provide our custom lubricant service to provide tailor-made lubricants and greases, fine-tuned to customer's special requirements.

We are at the forefront, introducing next-gen lubricant technologies from the global sphere to India.

We have introduced many high-performance products using Group 3+ Base Stock, Group 4 & Group 5 Base Stocks, all using cutting edge technology at competitive costs.

Our range of Semi and Fully Synthetic products are designed to meet tomorrow's challenges today.

“We are moving, most of our formulations towards the future, eco-friendly and bio-degradable, creating a safe environment for all of us.”

*DPL Supra® Range of Products,
designed to meet real world
lubrication challenges.*

OSB

Metal Processing Industry

● **Products for Ferrous Metals**

- Release Oil • Hot Rolling Oil • Cold Rolling Oil • Wet Temper Fluid • Sheet Coating Oil
- Forming Oil • Maintenance Oil • High Temperature Grease • Water Resistant Grease
- EDM Fluid • Cleaning Fluid

● **Products for Non-Ferrous Metals**

- Con Caster Oil • Sheet Rolling Oil • Thin Sheet Rolling Oil • Maintenance Oil
- Fin-Forming Oil • Light Pressing Oil • Punching Oil • EDM Fluid • Speciality Greases

● **Products for Tubes, Pipes, Wires and Bars**

- Drawing Oil (Neat & Water Soluble) • Wire Drawing Oil (Aluminium, Copper & Steel)
- Steel Tube Forming Oil (Neat & Water Soluble) • Hydrotesting Fluid
- Effluent Water Treatment Chemicals • Corrosion Preventive Oil
- Speciality Greases for Wires • Cardium Compound

Automotive Component Manufacturing Industry

- Hot Forging Products • Water Soluble Cutting Oil & Fluid • Neat Cutting Oil
- Water Based Cleaner • Neat Cleaner • Corrosion Preventive Oil • Maintenance Oil
- Aluminium Casting (HPDC) • Speciality Grease • EDM Fluid • Forming Oil

Automobile & Marine Industry

- Hydraulic Oils (Heavy Machinery) • Gear Oil (Heavy Machinery) • Engine Oil for Trucks
- Engine Oil for Marine Boats • Gear Oil for Marine Boats • Greases
- Compressor Oil (Ancillary) • DEF Fluid

OUR PRODUCTS

*DPL Supra® Range of Products,
designed to meet real world
lubrication challenges.*

04

General Engineering Industry

- Hot Forging Products • Water Soluble Cutting Oil & Fluid • Neat Cutting Oil
- Water Based Cleaner • Neat Cleaner • Corrosion Preventive Oil • Maintenance Oil
- Speciality Grease • EDM Fluid • Forming Oil

Textile Industry

- Spindle Oil • Warping Oil • Cotton Batching Oil • Texturising Oil • Stenter Chain Oil
- Speciality Greases • Vacuum Pump Oil • Looms Oil • Maintenance Oil

Paper Industry

- Maintenance Oil • Speciality Grease (Nanotechnology) • Cardium Compound
- Circulating Oil

Pharmaceutical & Food Industry

- Glass Cutting Oil • Food Grade Hydraulic Oil • Food Grade Gear Oil

Chemical Process Industry

- Solvents • Waxes • Base Oil • Allied Chemicals

International Range of Products

Master Fluid Solutions - Wedolit is a American-German Company based out of Dusseldorf, Germany, pioneering in cutting edge, high innovation, advance Metal Working Oils/Fluids and Pipe- Expander Oils.

Delta Plus Lubricants and Chemicals Pvt. Ltd, India, are the exclusive distributors, importers and services provider of Master Fluid Solutions - Wedolit, Germany, range of Metal Working Fluids and Pipe Expander Oils in India, Saudi Arabia, United Arab Emirates and Bangladesh.

Pipe- Expander Oils Range:

Oils designed to meet the most stringent requirements for API Pipe Manufacture.

OEM Approvals: SMS Meer, Haeusler (for Expander Oils)

• Wedolit Expander Oil EP-435 E

High EP Weld Load, Classic Grade with easy splitting of Emulsion.

• Wedolit Expander Oil EP-760 E

High EP Weld Load, New Generation Grade with easy splitting of emulsion, Low Emulsion Disposal Cost.

• Wedolit Expander Oil EP -760

High EP Weld Load, New Generation Grade with easy splitting of emulsion, Low Emulsion Disposal Cost

• Wedolit Expander Oil EP 1090 E

Highest EP Weld Load Grade for Special Size, Thick Gauge & Bigger Diameter Pipes.

De-emulsifiers Range:

High-quality, de-emulsifiers, designed for Pipe-Expander Oil Emulsion treatment.

• Wedolit B 78

Product is used as a neutralising agent, used post emulsion splitting.

• Wedolit B 82

Product is used as a Primary deemulsification agent for splitting of emulsion.

Flocculating Agent Range:

• Wedolit B 79

Product is used for de-emulsification of used oil/water emulsion. It flocculates the emulsion and clarifies the water.

Hydrotesting Cum Grinding Fluid Range:

• Wedolit CW 3500

Water Miscible Fluid recommended for Hydrotesting of API Pipes, Low Corrosion and Stable to Rubber Seals & Parts.

International Range of Products

Jokisch GmbH is a German Company based out of Oerlinghausen, Germany which specialises in Metal Working Fluids (MWF), Anti-Splatter Sprays and various allied products. The products are manufactured in Germany as well as locally in India, adhering to Jokisch standards.

They have developed, an unique MQL (Minimum Quantity Lubrication) System, that provides automated dosed lubrication in suitable machines.

Jokisch Water-Soluble MWF Range:

• Jokisch Migma Tano DGR (40% Mineral Oil Base)

Semi-Synthetic MWF for Ferrous and Non-Ferrous Machining Applications.

• Jokisch Migma Tano DSR (22% Mineral Oil Base)

Semi-Synthetic MWF for Grinding Applications especially Cast Iron.

• Jokisch Migma Evio KSY (0% Mineral Oil Base)

Semi-Synthetic MWF for Universal Grinding Applications.

• Jokisch Migma Tano DGY (22% Mineral Oil Base)

Semi-Synthetic, EP Type, MWF for various Machining Applications.

• Jokisch Migma Tano KBY (11% Mineral Oil Base)

Semi-Synthetic MWF for various Machining and Grinding Applications.

Jokisch Neat Oil MWF Range:

• Jokisch Monos Atos A2G (Viscosity @ 40°C - 23 cSt)

Neat Oil MWF with EP additives for Ferrous and Non-Ferrous Machining and Grinding Applications.

• Jokisch Monos Atos C3G (Viscosity @ 40°C - 9 cSt)

Neat Oil MWF with Group 3 Base Oil and EP additives for Gear- Hobbing, Grinding, Shaving and Shaping Operations.

• Jokisch Monos Atos C3P (Viscosity @ 40°C - 16 to 22 cSt)

Neat Oil MWF with Hydrocracked Base Oil and EP additives for Steel, Titanium, Copper, Aluminium Alloy Machining Applications.

• Jokisch Monos Oxia C3G (Viscosity @ 40°C - 10 to 22 cSt)

Neat Oil MWF with Group 3 Base Oil and EP additives for Deep Hole Drilling, Milling, Turning of Ferrous Material Applications.

• Jokisch Monos Oxia G3S (Viscosity @ 40°C - 10 cSt)

Neat Oil MWF with Group 3 Base Oil for Carbide Grinding Application.

Jokisch Fosia MQL Macro

A micro-lubrication system developed for external lubricant supply to cutting and forming tools.

* For more information on specific products (TDS & MSDS), kindly contact us or our official distributor.

International Range of Products

Rhoba-Chemie GmbH is a German Company based out of Bielefeld, Germany which specialises in Aircraft/Aviation Cleaning and Maintenance products. The products high quality, time tested and approved by various Aviation OEMs.

Exterior Cleaning Products:

- **rhobaAIR AIII DRY WASH** (RHOBA ALTIA A101)

Cleaning and polishing product without water - DRY WASH (jointly developed with LufthansaTechnik)

Mc Donnell Douglas CSD No.1; Boeing D 6 - 17487 Revision P; AMS 1650 B; LufthansaTechnik AG; meets LHT "Grey List"

- **rhobaAIR AIII DRY WASH MILITARY** (RHOBA ALTIA A102)

Safe and efficient special cleaning DRY WASH product, esp. for military camouflage paint. (jointly developed with LufthansaTechnik)

Boeing D 6 - 17487 Rev. P; British Aerospace AIRBUS AIMS 09 00 002 Issue 2

- **rhobaAIR AEROWASH 3000** (RHOBA ALTIA A201)

Thixotropic, water based cleaning concentrate.

Mc Donnell Douglas CSD No.1; Boeing D 6 - 17487 Revision N; AMS 1526 B; LufthansaTechnik AG; meets LHT "Grey List"

- **rhobaAIR AEROWASH 4000** (RHOBA ALTIA A202)

Special, multifunctional cleaning concentrate for painted and unpainted surfaces.

McDonnell Douglas CSD No.1 Type; Boeing D 6-17487 Rev.N; AMS 1526 B

Exterior Polishing Products:

- **rhobaAIR PRE POLISH** (RHOBA ALTIA A303)

Special cleaning product used for basic cleaning of heavily dulled and weathered paint surfaces. High quality abrasive compound to restore the finish on a variety of surfaces.

Douglas CSD 1; AMS 1650B; Boeing D6 - 17487 Revision N

- **rhobaAIR AEROPOLISH SPR** (RHOBA ALTIA A301)

Cleaning, polishing and care polish, that can be used on all painted and unpainted surfaces, acrylic glass and plexiglass. Can be diluted with water (1:1).

Boeing D 6 - 17487 Revision N; AMS 1650 B; Douglas CSD#; LufthansaTechnik AG; meets LHT "Grey List"

- **rhobaAIR POLISH & SEALANT** (RHOBA ALTIA A302)

Cleaning, polishing and preserving polish that finishes painted and unpainted surfaces. Als, can be used on aluminum and chrome.

Douglas CSD 1; Boeing D6 - 17487 Revision P

* For more information on specific products (TDS & MSDS), kindly contact us or our official distributor.

International Range of Products

Interior Cleaning Products:

- **rhobaAIR KLAR S** (RHOBA ALTIA A203)

Cleans and disinfects aircraft and helicopter windows.

AMS 1534 B; HALAL compliant

- **rhobaAIR AERCLEAN CAB** (RHOBA ALTIA I101)

Multifunctional cleaning concentrate to clean and disinfect aircraft interiors.

AMS 1550 B; Airbus AIMS09 00 002; Boeing D6 7127 Revision P

- **rhobaAIR GALLEY CLEANER** (RHOBA ALTIA I201)

Highly efficient and acid based cleaning concentrate, Thixotropic specially formulated to remove soiling and lime scale.

AMS 1550 B; HALAL compliant

- **rhobaAIR CARPET CLEANER** (RHOBA ALTIA I201)

Cleaning shampoo concentrate for carpet and textile surfaces.

AMS 1630 C; HALAL compliant

- **rhobaAIR LEATHER CLEANER** (RHOBA ALTIA I202)

Leather cleaning and care for aircraft seats.

D 6 7127 Revision L

- **rhobaAIR WC CLEAN T** (RHOBA ALTIA I203)

Cleaning concentrate designed to remove the heaviest contaminants in aircraft toilets and pipes.

AMS 1640 B; HALAL compliant

Overhaul/Special Application Products:

- **rhobaAIR RHOBASOL 5503** (RHOBA ALTIA O204)

High performance colorless, environmentally friendly, mild smelling cleaner and degreaser.

Meets requirements of US Federal SPEC: P D 680; Type II BMW Rolls Royce CSS 266 u. 267; Boeing D6 17487 Rev. M; AMS 1526B

- **rhobaAIR 307 LFG** (RHOBA ALTIA O201)

Low foaming liquid concentrate for use in agitated cleaner tanks or spray washers. Especially used for heavy duty cleaning during wheel and brake overhaul.

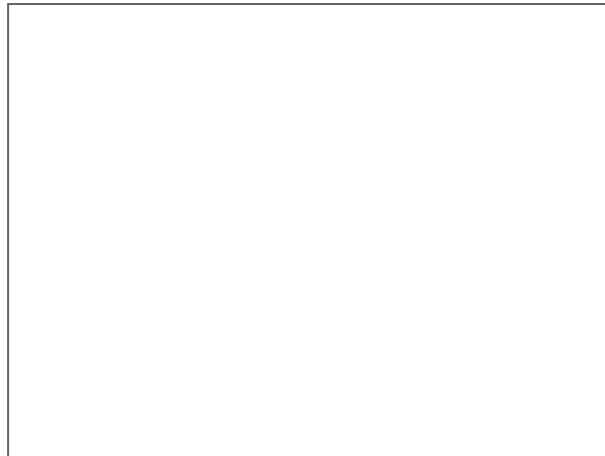

AMS 1537 B
